Process for New SARS-CoV-2 Research in BSL3

Step 1	Step 2	Step 3
BSL3 Advisory Committee Chair: Padmini Salgame	Institutional Biosafety Committee Admin Support: REHS	BSL3 Standard Operating Procedures (SOP) Committee Admin Support: REHS
PI submits Project Description Form to BSL-3 Advisory Committee	PI submits IBC protocol	PI works with BSL-3 SOP Committee for appropriate SOP
Project reviewed by BSL-3 Advisory Committee	IBC protocol reviewed by Institutional Biosafety Committee **	SOP(s) reviewed by BSL-3 SOP Committee
		•
PI revises project objectives, if needed	PI revises IBC protocol, if needed	PI revises BSL-3 SOP(s), if needed
BSL-3 Advisory Committee makes recommendation to Dr. Alland	IBC protocol approved by Institutional Biosafety Committee	BSL-3 SOP(s) approved by BSL-3 SOP Committee* *Must include approval by REHS member

PI may not commence work until all of the following requirements are met:

- (1) Dr. Alland has approved project and space/resource allocation
- (2) IBC protocol is approved (contact biosafety@rutgers.edu for guidance),
- (3) BSL-3 SOPs are approved, AND;
- (4) All training requirements are fulfilled.

* PI refers to approved/pending SOP in their biosafety protocol

** REHS confirms status of SOPs with the BSL3 SOP Committee
